ZONING AMENDMENTS

Amend the Cluster Ordinance with two changes (1) and (2) in 300.002.007.005 A, 2 and 3; to allow for lot lines to extend into the buffer provided there are deed restrictions, so the buffer remains in a natural or planted vegetative state and to clarify the existing reserve strip language to make it clear that the reserve strips are necessary and required only to allow for the construction of the roadway thru the buffer area. The cluster ordinance requires a 100' perimeter buffer area.

Are you in favor of the adoption of Amendment number 1 as proposed by the Planning Board for the Town of Brentwood zoning ordinance as follows:

- 1) Cluster Ordinance: 300.002.007.005 External and Internal Design Standards.
A. Requirements applicable to the external boundaries of the development:

ZONING AMENDMENTS CONTINUED

AMENDMENT 1 CONTINUED

- 2) A perimeter buffer zone having a minimum depth of one hundred (100) feet shall be provided between any structure, septic system or service road, and the perimeter lot line of the tract. Said buffer zone shall be comprised of vegetation, either natural or planted. ~~If internal lot lines exist, these lot lines shall not infringe upon the buffer area.~~ **If internal lot lines are utilized these lot lines may be extended into the buffer area. If they extend into the buffer area deed restrictions shall be developed that ensures that the area of lots within the buffer remain in a natural or planted vegetative state. (3/2006, 3/2022)**

Are you in favor of the adoption of Amendment number 2 as proposed by the Planning Board for the Town of Brentwood zoning ordinance as follows:

- 2) Cluster Ordinance: 300.002.007.005 External and Internal Design Standards:
A. Requirements applicable to the external boundaries of the development:
- 3) No construction shall be permitted within the buffer zone, other than a primary access road which shall be allowed to cross the buffer zone at the point of access to the pre-existing class V or better road servicing the development. Along both sides of this primary access road reserve strips of twenty-five (25) feet must be maintained for the first one hundred (100) feet of said primary access road. **These reserve strips are necessary and required only to allow for the construction of the roadway thru the buffer area. In instances where the proposed cluster residential development incorporates a design that includes several access points to the abutting Class V Road these may be approved by the planning board if the board determines that the neighborhood and proposal are best served by this alternate plan for access. Related drainage and storm water management treatment devices may be constructed within the mandatory buffer area. (3/2020, 3/2022)**

WARRANT ARTICLES

Warrant Article #1: Operating Budget

Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling \$65,235,893? Should this article be defeated, the operating budget shall be \$64,957,700 which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. The School Board recommends \$65,235,893 as set forth on said budget. The Budget Advisory Committee does not recommend. (Majority vote required)
